

## FRANKFURT

Frankfurt may be a city full of conservatively dressed bankers, but it still has a rather lively gay scene. Also called the "City of Museums", Frankfurt features numerous gay-friendly clubs scattered throughout most neighbourhoods, though some of them are located on side-streets near Konstablerwache.

Gays and Lesbians meet at the "Bermuda Triangle" - around the Konstabler Wache square but as dancing is a favourite pastime for many Frankfurters, why not join in at the Gibson Club at Zeil, for example.

CSD Pride (short for Christopher Street Day) happens every July, with a plucky Saturday parade and a huge street fair lasting the entire weekend.
