

Beautifully simple – Welcome to the new living room of Arosa

The brand new **Valsana** sits at the entrance of the village, the architecture and interior design are an interpretation of the forest and the surrounding nature, while also using the latest technological innovations to minimise the hotel's impact on the environment. The hotel features 40 rooms and 9 family apartments, each complete with large balconies, second hand library, record players and in-room coffee machines. The 800 sqm spa includes a relax pool facing the mountains, a state of the art gym, a dedicated panoramic studio for yoga and fitness classes, steam bath and saunas made from reclaimed wood with views to transport you straight into the Arosa forest. The lobby, lounge, restaurant and bar all merge seamlessly into a single contiguous space where guests and locals alike can enjoy an après-ski cocktail, a delicious four-course dinner, a simple snack or sharing platter, soak up a weekly movie night or simply read a book by the fireside.

In the midst of an impressive mountain panorama, **Arosa Lenzerheide** invites you to enjoy the mountain summer or winter in the Swiss Alps. Whether airy mountain peaks, scenic panoramic routes or remote side valleys - the numerous hiking trails and bike trails make the hearts of athletes, families and connoisseurs beat faster. Many cozy fire pits, rustic huts or the numerous restaurants on the mountain and in the village invite you to linger. Arosa Lenzerheide makes also the hearts of winter fans beat faster. The ski resort Arosa Lenzerheide with guaranteed snow convinces with 225 groomed slopes up to 2,865 meters above sea level. Through the winter wonderland also lead cross-country ski trails and idyllic winter hiking trails.
